

## THE MUNICIPAL TREASURY

Last Week's Disbursements Exceeded \$20,000.

## A GRAVITY SEWER FUND.

TREASURER DUKE OFFICIALLY NOTIFIED BY RECORDER BACKMAN.

Contest for the Council Vacancy—Building Permits Issued—Police and Fire Commissions—License Collections—Health Department—The New Police Patrol Wagon Tested.

The surplus of the municipality was reduced, in excess of all receipts, just \$3,886.49 during the past week, the total expenditures being \$20,722.36. This leaves a balance of \$72,793.22 in the treasury, as compared with \$32,311.32 at the close of business on September 23.

Treasurer Duke last evening balanced up his books for the week and found that the amount of cash in his hands had received some heavy attacks since the 1st of the month, the total expenditures being \$20,722.36. There are still many approved claims unpaid, including the appropriation list, the warrants for which have not yet reached the treasurer's hands, and the claims allowed by the joint building committee, the aggregate of all being \$19,200. The payment of these claims will reduce the surplus to \$252,498.22. Out of this amount and the \$225,000 from general taxes, with the special revenues added, the gravity sewer must be completed at an estimated cost of \$170,000; the joint building accounts, which will not fall far short of \$60,000, must be paid; all operating expenses of the city must be met, and the item of \$120,000 for interest will also claim attention. Where will the city be at with the present record-breaking gait continued?

The weekly statement of the treasurer lists the following: Water main extension, \$249.79; licenses, \$1,890.05; paving, \$395.78; sidewalks, \$206.52; water tax, \$1.01; conduit, \$20; county collector, \$7,208.89; miscellaneous, \$254.55.

## That Gravity Sewer Fund.

Recorder Bachman yesterday officially notified Treasurer Duke of the action of the council at the recent special meeting, when the sum of \$170,000 was ordered set aside as a sewer fund. Just what action the treasurer will take, now that formal notice has been given, is unknown, but he may pursue his usual course, place the notification on file, wait until the council has through its expenditures, reduced the surplus to the amount named, which, at the present rate, will not be long, and then ask the solons what they are going to do about it. No appropriation was made, and it is a serious question whether or not the treasurer has the right to withhold payment of any warrant presented, while he has money in his possession not already appropriated. In accordance with the action of the council the sewer contractors are pushing ahead with the work, but it is very evident they will not be able to complete the main below Second South street this year, if that far. A good force of workmen is now engaged and the progress being made is very fair.

## Contest for the Coming Vacancy.

On Tuesday night the council will more than likely fill the vacancy caused by the resignation of Councilman Daly, and just who the new member will be is the question as yet undecided. But two men have as yet been named as probable winners, although it is highly probable that a dark horse may yet enter the race. The two prominent candidates are H. G. McMillan

and James Glendinning, with the odds in favor of the former. Both men have friends in the council, and as it is strictly a Republican fight, the contest may be very warm.

## Tapping the Treasury.

The municipal treasury was drawn on for \$3,277.13 yesterday for the purpose of paying the joint building rolls approved on Friday afternoon, and the general appropriation list. The former aggregated \$2,002.25, and were paid at the joint building by Assistant Treasurer May, and the appropriations called for \$7,274.88 more.

In addition to the city rolls cancelled, county warrants for the payment of two small rolls, amounting to \$159.27, were also distributed.

## Building Permits.

The total estimated cost of buildings for which permits were issued during the week by the building inspector, was \$3,400. Among the new structures to be erected is a car house for the Rio Grande Western to cost \$6,000. The permits issued were as follows:

To the Rio Grande Western for a frame and iron car house, in the depot yards, to cost \$6,000.

To Mrs. S. E. Ross, for a brick residence at the corner of H and Second streets, to cost \$1,000.

To Mrs. W. C. Thomas, for alterations and an addition to 863 East Second South, to cost \$500.

To Magnus Olson, for a frame dwelling at 85 M street, to cost \$350.

To R. D. Millett, for a brick barn at 559 East South Temple, to cost \$550.

## May Meet on Tuesday.

Although no date has been set it is more than likely that the much delayed meeting of the board of police and fire commissioners will be held on Tuesday or Wednesday afternoon.

There are a number of important matters awaiting the action of the board, among them the recent suspensions in the fire department and Officer McDonald's case.

## Joint Building Report Coming.

On Monday afternoon the finance committee will again be in session for the purpose of receiving the report of the expert engaged on the joint city and county building records. The pay rolls are now receiving attention and the array of figures which will be submitted give promise of being more interesting than those presented last week.

## License Collections.

According to the books of the license department, the collections for the week aggregated \$1,893.05, divided as follows: Liquor \$900, merchants' \$189.35, miscellaneous \$793.70. The revenues of this department for the year, figured on the collections for the past nine months, will fall some \$15,000 short of paying the interest on the bonded debt.

## Health Department.

No new cases of contagious diseases were reported to the health department during the week, and the city is unusually clear of maladies of that nature. The number of deaths was fifteen and births thirty-four.

## Tested the Wagon.

The handsome new police patrol, which has been so much admired at the fair, built for the police department by Oblad & Knight, was given its first practical test last evening by a merry party of officials and their ladies. The vehicle is built for fifteen persons and it was nearly incapacitated by the passengers who took the initial trip. They were Mayor Baskin, Commissioner and Mrs. Salisbury, Commissioner and Mrs. Jennings, Chief and Mrs. Pratt, Chief and Mrs. Devine, Captain and Mrs. Donovan. Drawn by the fire department hose wagon team, the patrol and its load made a great show on the principal streets of the city. This wagon will now go into regular commission. It is all home made and a beauty, following all the latest improvements.

## Challenge Accepted.

The Salt Lake football team accepts All Hallows' challenge, on conditions that they will play the game on other grounds, as the college grounds are too small and there is no room for spectators.

W. H. NIGHTINGALE, Secretary.

## CHURCH DIRECTORY.

Religious notices inserted free in this column if handed in before noon on Saturday.

Spiritualism—Under the auspices of the Salt Lake Psychological society, Mrs. Victoria Wallace will hold a spiritual convention at the Federated Trades hall, No. 60 West Second South street at 2 p. m., and deliver an inspirational discourse, including, junior at 8:15 p. m.; senior at 8:30 p. m.; evening worship and preaching at 7:30 p. m. ## A HONGKONG ROBBERY.

[From Chambers' Journal.]

An extraordinary and daring robbery was that which took place at the Central Bank of Western India, Hong-Kong, in 1885, when the thieves succeeded in getting clear off with gold and spoils to the extent of nearly £50,000. The robbers must have been at work for some weeks before they entered the bank's treasury. Their principal labor was in constructing a tunnel of sixty feet from an adjacent drain to a spot exactly below the floor of the bank's treasure vault.

A perpendicular shaft of ten feet of sufficient diameter was then made to permit of the passage of one man, who reached the granite boulders on which the floor of the vault rested. These gave way through being undermined; and an flag being forced up, entrance to the vault was at once obtained. Two boxes were removed, containing gold bars and ingots marked with the bank's stamp, as well as all the paper money, some bags of dollars, and a box of top-cent pieces. No fewer than between twenty and thirty men were arrested on suspicion. One of them had \$5,000 in his possession and two bars of gold bearing the bank's mark.

The robbery was effected between a Saturday and Sunday, and the first thing that raised suspicion was the fact of a little boy trying to sell a bar of gold to a hawker in one of the bazars in Hongkong. A gentleman who was passing asked where he got the gold, and the boy replied that it had been found at a certain place. He gave the youth what he asked for it—namely, \$1—and then informed the police.

## LOVE AND HONOR.

Love found them sitting in a woodland place. His amorous hand amid her golden tresses, And Love looked smiling on her glowing face. And moistened eyes upturned to his caresses.

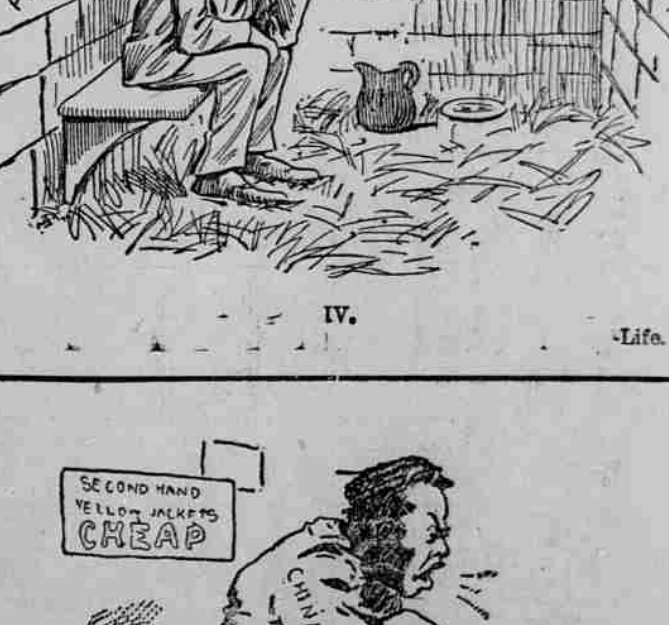

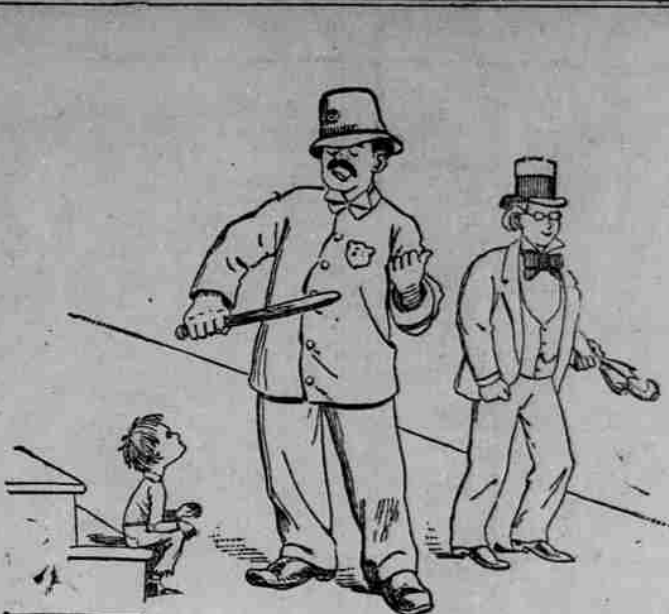

"O sweet," she murmured, "life is utter bliss!" "Dear heart," he said, "our golden cup runs over!" "Drink, love," she cried, "and thank the gods for this!" He drained the precious lips of cup and lover.

Love blessed the kiss; but, ere he wandered thence, The mated bosom heard this benediction: "Let it within the brimming bowl of sense; Who keeps this full has joy—who drains affliction."

They heard the rustle as she smiling fled; She reached her hand to pull the roses blowing. He stretched to take the purple grapes (her head). Love whispered back, "Nay, keep their beauties glowing."

They pause and understood; one flower alone, Their roses bloomed, their cup went brimming on— She looked for love within, and found her lover.

—John Boyle O'Reilly.

Capital, \$100,000. Surplus, \$40,000.
